Bar do Juarez

Desde 1999

Great ideas were born at bar tables. Passionate love stories too. Business deals were closed, soccer matches were discussed, and friendships were born, grew and grew stronger.

Here at Bar do Juarez, we want to offer a warm and welcoming setting for your meetings and reunions, along with delicious appetizers, traditional ice-cold draft beer and old-fashioned service.

We seek to recreate the nights of the early decades of the 20th century, when intellectuals and bohemians gathered in São Paulo's botequins to find artistic, political and romantic inspiration between one draft beer and another.

ENJOY.
